

PIPE LAYOUT  
 PLAN VIEW  
 THREE DOWNSPOUTS UNDERGROUND  
 PARKWOOD SQUARE APTS. BLDG. A  
 DWG. 102

ALL DIMENSIONS APPROXIMATE  
 NTS

Units 107 - 111

Note by: C. Twiss  
4/2/18

downspouts go underground between 107 - 111 and are located between bldg and the sidewalk(?)

It then turns around the S. end of the bldg and ~~has~~ empties into the drain pipe at the SW corner of the sidewalk and is above ground.

This empties onto the laneway (pavement). Does NOT empty into ground & is wasted H<sub>2</sub>O.

Check with John Mallory who did the work in 20\_\_\_\_\_
